## HR & HRIS PROJECT MANAGEMENT OFFICE

### OUR OFFER

Managing complex projects requires a range of diverse skills. The PMO carries out structuring missions and project management assistance. Thus, it monitors the project in terms of quality, cost and time, while ensuring compliance with your specifications.

### OUR METHODOLOGY

Our experts in HRIS and HR transformation have valuable tools that will allow you to define a steering system aligned with your ambitions:

- Definition and securing of project and methodology processes;
- Management of the different bodies, decision support and arbitration;
- Definition of master plans and project milestones;
- Risk, actions and deliverables management;
- Resources Management (Human, Financial, Material);
- Communication and reporting;
- Transfer of skills to support the rise of your teams' competence;
- Animation of the different governance bodies.

---

### YOUR BENEFITS

---

Control your **budget, resources and timelines**

Track your **project's progress** in line with reality
